Fresh from winning this year's Katha Awards for Best Product for Fashion, Zacarias 1925's Creative Director Rita Nazareno talks about the Case Portable 9 bag, the brand's design process, and how the MMDA served as inspiration in creating some of the pieces for the brand's Spring 2019 collection launching next month.

“I’ve done some strange bags in the past and I love how our weavers and sewers and leather makers get into it. I love that they enable me.”
